

What is PINTO?

PINTO (**P**atent **I**nformation and **T**ransparency **O**n-line) aims to improve transparency regarding plant varieties covered by the scope of patents or patent applications.

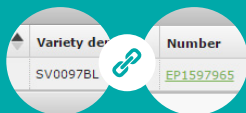

<http://pinto.euroseeds.eu>

“ FREEDOM TO OPERATE IN THE FIELD OF CROSSING AND SELECTION IS KEY FOR PLANT BREEDING. ”

What is the benefit?

PINTO helps you to make a more informed choice when using plant varieties for further breeding.

PINTO is unique in providing the link between plant variety and patent.
